

Guidance for registration 2021-22

1. Player Photographs

- Your coach/manager may take the player photographs themselves, in which case you can ignore this step
 - If you are required to submit a player photograph, you should take a portrait passport-style photograph with your phone of your son/daughter, against a plain background, and email this straight to your manager/coach
 - **Photos must be recent from within the last 3 months.** Photos used to register in the prior season **cannot be used again** (photos are checked by the leagues and will be returned if they are duplicated from previous years)
-

2. Your completed Club Registration Form

- Complete the electronic Registration Form via the link that your coach/manager has shared with you. Please take extra care with typing the email address!
 - You may receive an email from the FA's Whole Game System (WGS) asking you to confirm your registration. **If so, it is essential that you respond to that email to complete the process.**
-

3. Payment of Subscriptions
